

Fremont High School

Curricular (Clubs)/Non-curricular (Groups) Parent Consent Form

All students are required to have a Parent Consent Form on file at Fremont High.

Student Clubs are sponsored and promoted by the school. Student Groups are not sponsored or supported by the school or district but are recognized for purpose of granting a place within the particular school to meet during non-instructional time. An employee monitors all scheduled meeting held on school premises but does not participate in any activity or discussion of the Group. The school does not monitor or regulate the meetings or activities of a Group that are helped at locations other than a scheduled meeting at school. The students are solely responsible for their activities and safety at any meetings helped at times or locations other than scheduled meetings held at school.

Your child has expressed interest in participating in a group/club at Fremont High School. This organization has provided a charter to the administration of the school and received authorization to function within the prescribed guidelines and limitations as set forth in Weber School District Policy 4540, section 53a-11-1201 through 1214.
